INDEX TO VOLUME XVII

Batty, J. S., and **Walker, A. G.** Non-integral Functional Powers 145

Chaundy, T. W. The Arithmetic Minima of Positive Quadratic Forms (I) 166

Cherwell, Lord. Note on the Distribution of the Intervals between Prime Numbers 46

Copson, E. T. On an Integral Equation arising in the Theory of Diffraction 19

Craggs, J. W. The Determination of Capacity for Two-dimensional Systems of Cylindrical Conductors 131

—— and **Tranter, C. J.** The Capacity of Two-dimensional Systems of Conductors and Dielectrics with Circular Boundaries . . 138

Daymond, S. D. Further Remarks on the Two-dimensional Motion of a Compressible Fluid 129

Freeman, J. G. Theory of a Ruled Two-space in a Generalized Metric Space 119

Fu, C. S. On Frobenius' Theorem 253

Hilding, S. H. On Infinite Sets of Homogeneous Linear Equations in Hilbert Space 240

Hsiung, C. C. Projective Invariants of Contact of Two Curves in Space of n Dimensions 39

Hsu, P. L. On a Factorization of Pseudo-orthogonal Matrices . 162

Hua, L. K. On the Extended Space of Several Complex Variables (I): The Space of Complex Spheres 214

Jackson, F. H. Basic Functions and Polynomial Sequences . 99

Ollerenshaw, K. M. Lattice Points in a Circular Quadrilateral bounded by the Arcs of Four Circles 93

—— The Critical Lattices of a Circular Quadrilateral formed by Arcs of Three Circles 223

Mahler, K. On Lattice Points in a Cylinder 16

Minakshisundaram, S., and **Rajagopal, C. T.** On a Tauberian Theorem of K. Ananda Rau 153

Pidduck, F. B. Electrical Notes: XII. Alternating Currents in Networks 63

—— Lommel's Functions of Small Argument 193

Rado, R. The Irreducible Factors of Certain Polynomials . . 111

Rajagopal, C. T., see **Minakshisundaram, S.**

Ruse, H. S. The Five-dimensional Geometry of the Curvature Tensor in a Riemannian V_4 1

Schiffer, M. On the Modulus of Doubly-connected Domains . 197

Segre, B. On Tac-invariants of Two Curves in a Projective Space 35

Su, B. On Certain Tac-invariants of Two Curves in a Projective Space 116

Tranter, C. J., see **Craggs, J. W.**

Walker, A. G. Commutative Functions (I) 65

(II) 83

See also **Batty, J. S.**

Wright, E. M. The Non-linear Difference-differential Equation . 245
